

JAIHWAL INFRATECH & ENGINEERS

PROFILE

ABOUT THE COMPANY

Jaiswal Infratech & Engineers (JIT) is a dynamic infrastructure development company headquartered in Singrauli, Madhya Pradesh — widely known as the Energy Capital of India. Under the leadership of Mr. Anil Kumar Jaiswal, an accomplished corporate professional, and supported by a multidisciplinary team, JIT is committed to delivering high-quality, time-bound infrastructure solutions across India. The company specializes in Civil & Mechanical works across key sectors including Water Supply Projects (Jal Jeevan Mission), Solar Energy, Bio-Ethanol, CBG, Power, and Oil & Gas, building a reputation for excellence, reliability, and innovation. With pipeline projects spanning 300+ villages and a well-established labor network enabling mobilization of over 1,000 skilled workers, JIT combines technical expertise with robust on-ground execution to successfully deliver critical infrastructure projects nationwide.

Mr. Anil Kumar Jaiswal
Co-Founder & CEO

ABOUT THE FOUNDER & CEO

Mr. Anil Kumar Jaiswal is the Co-Founder and Chief Executive Officer of Jaiswal Infratech & Engineers (JIT). With over 15 years of corporate experience at leading organizations such as Jaypee Group, QACA, and Tata Projects, he brings a wealth of knowledge and hands-on expertise in infrastructure development, project execution, and quality assurance—both in India and abroad.

Driven by a vision to deliver reliable, efficient, and sustainable infrastructure solutions, Mr. Jaiswal established JIT as a company that stands for professionalism, precision, and performance. His leadership style is rooted in accountability, technical excellence, and a deep commitment to client satisfaction.

Under his guidance, JIT has rapidly grown into a trusted name in construction and precast solutions, known for delivering critical projects on time, with uncompromised quality.
